

Area IV Chair Candidate – Minnia Curtis

I passionately value all that Speech and Debate provides to students, which is why I am motivated to work for you as Area 4 Chair.

I have been the coach of my high school team for fifteen years, and have brought qualified competitors to the State Competition in all seventeen events, including all Debates, Congress, and I.E.s. I have had finalists in Debate and Speech events, and have a well-rounded, balanced understanding and appreciation of all of our competition events. I am passionate about bringing Speech and Debate opportunities to students, and making a positive competition experience for all concerned. I believe Area Chairs can focus on demystifying CHSSA rules and creating positive communication for everyone.

I have served CHSSA as Curriculum Rep and VP of Curriculum, all while working with a rather large team, and now would love to take on the challenge of Area Chair. I am aware of the work commitment of Area Chair, and ready to enthusiastically take on the responsibilities.

I would like to continue the mission of CHSSA and to support coaches, League Presidents, and our students with quality and equity. I love what we do! Thank you for your consideration!
